

## DST-SERB School in Insect Biology – 2017

PG & Research Department of Zoology  
St Joseph's College (Autonomous), Devagiri,  
Calicut 673 008, Kerala, India

**3rd SERB School in Insect Biology  
(22 October–5 November)**

**Sponsored by SERB, a statutory body of DST, Govt of India**

St. Joseph's College, Devagiri, Kozhikode will conduct the 3rd DST-SERB sponsored School for imparting training in basic and cutting edge areas in Insect Biology. Twenty five young researchers (Ph.D. scholars, postdoctoral fellows or young faculty members) will be selected at an all India level. Exceptional candidates with lower degree may also be considered. Faculty would be leading researchers in the related areas from different parts of the country. The School aims to provide interdisciplinary environment than traditional departments, to build long-term scientific human resource with sound technical base for teaching and research, and to initiate and strengthen research programmes in insect biology. The School will offer an opportunity to learn directly from the leading practitioners in the field.
